MEMORANDUM FOR : Chief, Intelligence Course, OTR

SUBJECT : DD/S&T Review of Questions for
Intelligence Orientation Examination

As you requested, DD/S&T reviewed the questions (39-48) which concern the Directorate and its components for the Intelligence Orientation Course examination given to the students at the completion of the course each month. We are satisfied that some of the questions are indicative of the impressions which the students should obtain from the various lecturers from DD/S&T, but in other cases we would prefer to highlight points which we have included in questions listed below.

25X1D

#41. The major responsibility of OCS is:

25X1A

1. operating project [REDACTED]
2. processing requirements for photographic interpretation
3. replacing people with machines in OCR

X 4. providing computer support for intelligence production, collection, and processing requirements

NOTE FOR : Mr. Duckett

I planned to ask you personally today if we might schedule the second of the monthly series of [REDACTED] briefings for Thursday, 15 December. This date appears to be the most convenient for the [REDACTED] for this month. Your calendar is open on that morning so, in order to give adequate notice to the offices involved and the [REDACTED], I will set up the briefing schedule for 1030-1200. Here is a proposed schedule which you can change if you so desire:

25X1C

25X1C

25X1C

1030 - 1040 Mr. Duckett

1045 - 1130 OEL

- telemetry analog facility
- tapes--how to make and their use

1130 - 1200 FMSAC

- wrap up

I would like to discuss this with you on Monday morning for about five minutes.
